

We, The Bodsters of The Bod Mob, Pledge

To be **Generous** with every living being we encounter.

To be **Ethical** at all times and to protect every living being from harm and from being treated unjustly.

To be **Patient**, this is the only way we can achieve our goals and maintain the stability we need to be efficient.

To display **Joy and Effort** in everything we do, this will multiply our actions and inspire others to join us.

To **Concentrate** on our mission, which is to help every living being achieve happiness.

To be **Wise** and know that when we say every living being, we mean each and every one, equally.
